Published: 2020.06.11

Corrected article: *J Cancer* 2019; 10(12):2735-2744. doi:10.7150/jca.31800.

In the initially published version of this article, the representative images of the invasion test of A549 cells overexpressing miR-940 with or without TGF- β 1 stimulation in Figure 3C are wrong. The correct Figure 3C is as follows:

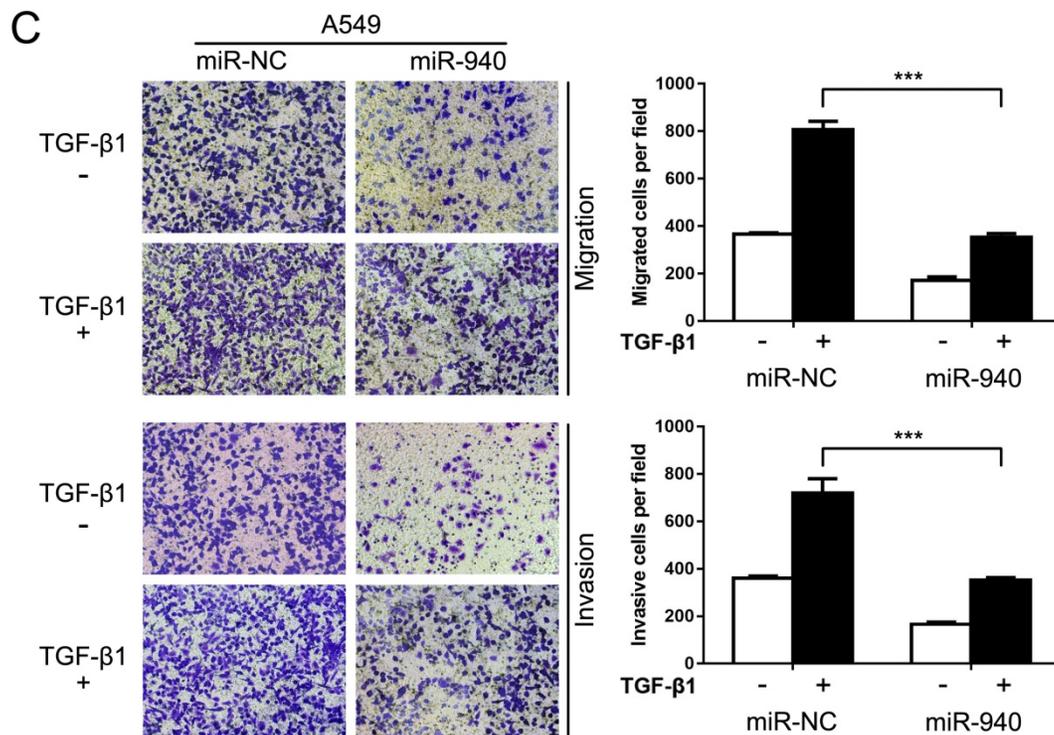

Figure 3. (C) Transwell assays for A549 cells transfected with miR-NC or miR-940 mimics in the absence or presence of TGF- β 1. Migrated and invaded cells were stained and counted in at least three microscopic fields (magnification $\times 100$).

The correction made in this erratum does not affect the counting results and original conclusions. The authors apologize for any inconvenience or misunderstanding that this error may have caused.
